For the attention of airport/airline staff:

This individual suffers from a medical condition which requires treatment with Methofill® SelfDose/Methofill® Pre-Filled Syringe (delete as appropriate).

Methofill® SelfDose/Methofill® Pre-Filled Syringe contains methotrexate. The device encloses a needle and the package may also include an alcohol swab for administration.

To ensure proper medical care can continue in the event of lost luggage, the device needs to be placed within the cabin during the flight.

Thank you for your cooperation.
